## STATE POLITICIANS SPEND DAY IN CITY

Democratic Convention Discuss Situation.

Be Temporary and Permanent Chairmen Received With General Satisfaction.

St. Louis was the stopover point for Democratic politicians, delegates and camp followers, who spent yesterday in the city on their way to the Democratic State Convention at Jefferson City.

Stories of the immense crowds which are expected at the State capital for the gathering of Missouri Democrats had their effect upon the delegations from many sections of the State, and a great many of them remained in St. Louis during the night, rather than take their respective cases to be decided. chances at any of the Jefferson City ho-

the Jefferson-bound statesmen, who spent the hot hours in discussing the latest are equally determined to fight, and th hases of the situation, which confronts Jasper case will also be thorough the delegates and figuring upon the posthe delegates and figuring upon the possible results. Without exception the con-versations were peaceful in their nature, and it is apparent that the delegates will reach the convention prepared to preserve harmony at all events and ready to abide by the will of the majority.

All talk of no compromise between con tending elements disappeared early in the day, and if the sentiment of that part of be unseated in at least two of the St. Loui the convention which spent yesterday in St. Louis is indicative of the feeling of the balance of the representatives, the con-vention will be harmonious and satisfac-

FOR VANDIVER AND EVANS. The statements printed in The Republic Vandiver would doubtless be recommended for temporary chairman and that Judge Evans would possibly be the permanent chairman were frequently commented upon and received with general satisfaction. Representative delegates who talked on the subject agreed that Mr. Vandiver was of such a character that he would be absolutely fair in his rulings; and while, of course, satisfactory to the Folk men, would not be at all undesirable to those interests which have not been for the Circuit Attorney. The mention of Judge Evans's name was received with equal satisfaction, and from the general sentiment it seems that the choice of these two names is a foregone conclusion.

The statement that the Hawes delegates from St. Louis had determined to throw their support to Cook and Allen did not occasion great surprise, as it has been current rumor over the State that in case their seats in the convention would be given to these gentlemen. It was also conceded that in ease the noniests against lather than in ease the noniests against lather than the nomination of Cook and Allen is assured. In fact, the only fight left for the convention would be for member of the Railway and Warehouse Commission, as candidates for the other offices have a majority of instructed delegates.

The report that the contests from St. Louis would be taken up ward by ward was favorably commented upon and gave the impression that the contests would be decided stricity upon their merits and in a manner satisfactorily to all concerned.

tions all elements are going to be reconciled before the convention is called to ordet.

"The only prospect for a fight will be in the Credentials Committee, and from what I learn I am convinced that the contests will be decided upon their merits and in a manner which will leave no ill-feeling. Of course, if the Hawes delegates are seated the ticket is as good as named, and in my opinion, it will prove a strong ticket and one which will be received with favor the State over.

"Congressman Vandiver will doubtless be the temporary chairman and I believe he will be absolutely fair. He cannot do otherwise in view of the absolutely impartial manner in which Mayor Reed handled the gave everybody a chance and was more than fair, and even should Vandiver care to do otherwise than the fair thing he could not very well violate the precedent which the late candidate for governor made in the last convention.

"Mr. Vandiver, however, he a man of absolute honesty and fairness and I believe he will act as chairman in a manner satisfactory to all concerned. The ticket nominated will be strong and will be the product of a harmonious convention. With Parker and Davis at the head of the ticket we will win Missouri by not less than 30,000. While Folk may run behind somewhat in the cities, he will run ahead in the country, and will have an even break with Parker in the State at large."

Among the Democrats who were here yesterday were Judge Benjamin F. Rourne of Memphis, Judge James F. Neville of Springfield, E. F. Fragles, C. C. Fragles and C. W. Richard of Lancaster, J. O. Boyd, J. E. Luther, J. M. Doran, Frank Hudson and J. R. Hudson of Memphis and Robert Briggs of Lancaster.

#### A BACK LICK Settled the Case With Her.

Many great discoveries have been made by accident and things better than gold mines have been found in this way; for example, when even the accidental discovery that coffee is the real cause of one's stekness proves of most tremendous value because it locates the cause and the person has then a chance to get well.

"For over twenty-five years." says a Missouri woman, "I suffered untold agomies in my stomach and even the best physicians disagreed as to the cause without giving me any permayent help, different ones saying it was gastritis, indigestion, neuraliga, etc., so I dragged along from year to year, always half sick, until finally I gave up all hopes of ever being well again.

"When taking dinner with a friend one day she sald she had a new drink, which turned out to be Postum, and I liked it so well I told her I thought I would stop coffee for awhile and use it, which I did.

"So for three months we had Postum in place of coffee without ever having one of my old spells, but was always healthy and vigorous instead.

"Husband kept saying he was convinced it was coffee that caused those spells, but even then I wouldn't believe it until ene day we got out of Postum and as we lived two miles from town I thought to use the coffee wa had in the house.

"The result of a week's use of coffee again was that I had another terribic spell of agony and distress, proving that it was the coffee and nothing else. That settled it and I said good-by to coffee forever and since then Postum alone has been our hot mealtime drink.

"My friends all say that I am looking works better and my complexion is much improved. All the other members of our family have been benefited, too, by Postum in place of the old drink, coffee." Name given by Postum Co. Battle Creek. Mich.

## Starried Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive the mother's shapeliness. Women

to the mother's shapeliness. All of this can be avoided,

however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful

book, telling all about

remedy. Sold by all druggists at \$1.00 per bottle. Our little Mother's this liniment, will be sent free. Friend
